CHIBLI

A determinate blocky-round hybrid tomato for fresh market and processing. Chibli is a medium early determinate hybrid with medium-sized, blocky-round fruits for fresh market. Chibli is mostly grown flat as a bush culture for the fresh market but is also used, due to its good brix, by processors for paste.

Features / Benefits

- Ideal for fresh market and paste-processing.
- Can be harvested over a long period as the plant covers the firm fruits well.
- Exceptionally high yields.
